An etched Rembrandt PORTRAIT OF EPHRAIM BONUS, JEWISH PHYSICIAN is one of 47 prints and drawings with a medical or health theme that are currently on view at The Cleveland Museum of Art. The works are executed by well-known 16th through 20th century artists and they constitute an exhibition, called ARS MEDICA, which was arranged in the Museum's North education corridor to commemorate the 100th anniversary of the founding of University Hospitals. The exhibit will remain there through November 24.
